The workshop will provide an overview of some free to use platform independent mobile web-based productivity and presentation tools for learning and teaching. The facilitators will discuss examples of pedagogical use of some of these tools (such as Google+, Storify and Twitter) within local (institutional/courses) and global contexts for learning and teaching. The workshop will also provide a guided hands-on opportunity for the participants to explore the following tools for learning and teaching:

- Evernote
- Google Picasa (Web Albums)
- Twitter
- Storify
- Flipboard
- Google+

**Requirements: BYO laptop or iOS (iPhone, iPod Touch or iPad) or Android device. WiFi network with Airplay, Internet and iTunes Store access.**
